MESSAGE FROM DOCTOR TWISS

At Twiss Dental, our mission has always been to provide the highest standard of care in an environment built on trust and personalized attention. To honor that commitment, we've made the intentional decision to operate out-of-network with all dental insurance companies, becoming an unrestricted provider.

This decision wasn't made lightly—it reflects our dedication to clinical excellence, transparency, and a more personalized patient experience.

Message from Dr. Twiss

At Twiss Dental, our mission has always been to provide the highest standard of care in an environment built on trust and personalized attention. To honor that commitment, we've made the intentional decision to operate out-of-network with all dental insurance companies, becoming an unrestricted provider. This decision wasn't made lightly—it reflects our dedication to clinical excellence, transparency, and a more personalized patient experience.

Why We Made This Change

- **Clinical Freedom**
 - We're no longer limited by insurance restrictions, allowing us to recommend treatments based solely on what's best for your health—not what's covered.
- **Transparent Pricing**
 - Our fees are clear and consistent, without the confusion of deductibles, coverage tiers, or surprise denials.
- **Quality Over Quantity**
 - We can devote more time and attention to each patient, focusing on comprehensive, individualized care rather than high-volume scheduling dictated by insurance plans.

Challenges We've Accepted

- **Patient Education**
 - We understand this new model takes some getting used to, and we're here to help you navigate and maximize your out-of-network benefits.
- **Upfront Costs**
 - While patients may pay more out-of-pocket initially, many find long-term value in care that's tailored, thorough, and uncompromised.

We'll continue to assist patients in filing claims for potential reimbursement and provide all necessary documentation.

"Our goal is to build relationships based on trust—not transactions—and we believe this approach empowers both our patients and our team to prioritize health over bureaucracy."

Fall into your Best Smile

Now is the ideal time to begin your Invisalign journey with a \$500 discount on new cases if treatment starts before the end of November. Enjoy discreet and comfortable smile straightening with clear aligners—no brackets or wires. Schedule your free consultation today to seize this limited-time offer!

Candy for a Cause: Join Our 2025 Halloween Candy Buyback

This fall, we're excited to bring back our Halloween Candy Buyback Program! From November 1-7, bring your extra Halloween candy to our office, and we'll buy it back for \$1 per pound — with no limit. All candy collected will be donated to Troopathon, where it will be included in care packages for military families. It's a fun way to enjoy Halloween, protect those smiles from excess sugar, and show support to our troops at the same time!

Meet Liz

HUMAN RESOURCES/TREATMENT COORDINATOR

We're excited to introduce Liz, who joined our office in December 2024 as a Dental Assistant to Dr. Twiss and is now stepping into a new role as our Human Resources/Treatment Coordinator!

Liz began her dental career after graduating from Dental Assisting School in Bettendorf, Iowa, in 2002. Over the years, she has expanded her skills through advanced training and cross-training in both the front and back office—allowing her to support patients with exceptional care and clear communication.

Outside the office, Liz enjoys spending time with her family, exploring the outdoors, and traveling with her husband and their two dogs. She was recently married in beautiful Grand Lake, Colorado!

We're thrilled to have Liz in this new role and know our patients will love her warm, friendly approach.
